MAINE MUNICIPAL BOND BANK
SRF - CLEAN WATER PROGRAM APPLICATION
FOR MUNICIPAL BORROWERS

Borrower Type: This application is designed for the purpose of obtaining financial information from sewer districts, municipalities and other governmental units. As a result, different information will be required for each type of unit. In certain cases it may be appropriate to note that a particular section is not applicable to the specific district or town. The following is a brief summary of the sections that are applicable to a specific type of borrower:

MUNICIPALITIES/GOVERNMENTAL UNITS: The application should be filled out with information concerning the specific municipality and/or governmental unit. If the system has any stand-alone debt, it should be reflected as part of the debt information. The same would hold true for any stand-alone system financial information. In most instances, the municipal applicant will complete the *Municipal Borrower* "Financial Information" section only.

DISTRICTS: If the district or system debt is backed by a General Obligation pledge of the municipality or municipalities in the district, both district and municipal financial information will be required. Each municipality being served by the system must provide their financial information so that the district can complete pages 11, 12 and 13. The district will complete pages 14 and 15. If the district stands on its own (*without a General Obligation pledge*), the district will leave pages 11, 12 and 13 blank, turn to, and complete pages 14 and 15 entitled "District Financial Information". The debt information will be handled in the same manner.

Repayment Source: Loan applications and supporting financial information will be reviewed for evidence of a dedicated source of revenue that is sufficient to cover repayment of the proposed loan, plus all existing indebtedness and operating costs of the borrower. Where the dedicated source of repayment is anticipated to be an increase in existing user charges, please note that new rates must be in place prior to the execution of a binding loan agreement.

DEP Approval: Attached to the back page of this Application is a Project Authorization form to be signed by the Department of Environmental Protection. This Authorization must be completed and signed by DEP before the Bond Bank can provide financing to the applicant. If DEP determines the project to be eligible, complete the application and

- 1) Mail a copy of the application to: Department of Environmental Protection, Division of Water Quality Management at 17 State House Station, Augusta, Maine 04333-0017.
- 2) Mail the original application and supporting documentation listed on the "Statement of Default" page of the Application to: Greg Connors, SRF – Clean Water Program Officer, Maine Municipal Bond Bank, 127 Community Drive, P.O. 2268, Augusta, Maine 04338-2268.

Once the project is approved, DEP will forward the signed "Project Authorization" form to the Bond Bank. The Bond Bank will begin its review of the financing request once the Authorization is received.

Application Instructions: Line-by-line instructions to help you fill out the SRF - Clean Water application are available. When completing the application, please use black ink, printer or a typewriter.
